MBE Mailboxes

MBE offers customers an alternative private postal service whereby businesses and individuals can enjoy a prestigious street address with a suite and street address instead of a mere PO box number. Our business customers can also take advantage of obtaining multiple real street addresses in many suburbs around Australia. Our mailboxes enable you to gain a national presence and instantly grow your business nationwide. Plus there's no more worries about credit card or identity theft.

Complete access to your mailbox means you can collect mail when it's convenient for you with staff in centre all week and 24 hour access available outside of hours. Know what's in your box with email notifications every time a piece of mail arrives for you.

Mail and packages from any country can be received and forwarded, making private carrier (FedEx®, DHL®, Toll, TNT etc.) deliveries easy.

MBE Pack & Ship

MBE is your end-to-end pack and ship solution.

- ◀ Simply drop your products off and we will carefully pack and ship them to anywhere in the world.
- ◀ Perfect for online businesses, local businesses and students.
- ◀ We handle boxes of all sizes, weights and quantities to all destinations.
- ◀ We electronically track all shipments by our trusted carriers.

Parcel Tracking

Every parcel sent from an MBE centre is assigned a tracking number allowing it to be accounted for along its journey. Inputting this online you can see where your parcel is and even who ultimately signs for it.

This is particularly important for international consignments where handover between carriers is the most common reason for parcel loss. With our international courier partners the parcel is handled by the same organisation from beginning to end for the best security and accountability.

Next time you have urgent or important mail to send, bring it to MBE. We know the best carrier for each destination and always provide the comfort and peace of mind of online tracking.
